

NATIONAL RETURN TO WORK CONFERENCE 2010

26 - 27 JULY 2010

SUNWAY PYRAMID CONVENTION CENTRE, SELANGOR

"ENHANCING SOCIAL SECURITY THROUGH RETURN TO WORK"

OBJECTIVE

Disability Management is a concept which has successfully reduced and minimized the impact of occupational injury and illness. SOCSO through its Return To Work Program practices every aspect of disability management and with this international conference, SOCSO hopes to achieve the following objective:

- To realize the aspiration of people with disabilities to be integrated and sustain a meaningful employment
- To support employers in achieving productive and stable workforces.
- To educate human resource, workers compensation, and disability specialists on successful techniques to enhance the social security system through the Return To Work Program.

TOPICS

- Best Practices in Social Security — Towards Sustainable Social Security
- The Concept of Prevention before Rehabilitation before Compensation
- New Era for Employment: Supported Employment and Job Coach for Person With Disability.
- Strategies for a Successful Disability Management Program
- SOCSO: A Paradigm Shift: Enhancing its Benefits towards a Dynamic Social Security System
- The Changes of Rehabilitation Services Towards Enhancing Return To Work in Malaysia
