

As Supervisors are the linking pin between the Management and the lower-level workforce in the organization, the many expectations lie beyond just motivating and delegating jobs. On Productivity and efficiency levels, Supervisors are inclined to develop with management in ensuring the total job expectations are met and achieved. Supervising the day-to-day operations and focusing on minimizing wastage and utilizing the resources effectively is the goal of many operations.

In this program we focus on developing specific tools for Supervisors to use in handling their day-to-day job processes, by focusing on specific models that are applicable for the different situations
