

PERSONAL DATA PROTECTION OFFICER

9 DEC 2025 | 9.00AM - 5.00PM |
MEFA TRAINING CENTER, PJ

Course Overview

The Personal Data Protection Act (PDPA) 2010 is a key piece of legislation in Malaysia that governs the collection, use, disclosure and storage of personal data in commercial transactions. This comprehensive training program is designed to equip participants with a solid understanding of the legal and practical aspects of data protection under the PDPA, ensuring compliance and promoting responsible data handling within their organizations. Throughout the training, participants will explore the Personal Data Protection Principles, the rights of data subjects and the obligations placed on data users and data processors. Real-world case studies, interactive discussions and practical examples will be used to illustrate how the law applies in everyday business operations.
